

FAST-PASS PICK-UP INSTRUCTIONS

To avoid having to turn around, approach Jackson from 32nd Street. As you approach our building, you will see traffic cones in the street. Maneuver your vehicle between the cones and sidewalk to enter the line. Once at the front of the line the attendant will assign you to one of four dock locations for loading. Note that to increase efficiency in this area, all Fast-Pass orders will be sorted and tagged prior to the opening of our doors. If you park and enter our marketplace, you will still need to exit the building and retrieve your wine grape/juice order from our Fast-Pass team on the west end of the building.
