

STANDARD PICK-UP INSTRUCTIONS

Best routes to take when approaching our warehouse will be 33rd Street or 34th Street. Parking will be available in our employee parking lot to the northeast of our building and within our warehouse lot within the designated areas nearest to the sidewalk. Once parked, you will enter the warehouse through the dock ramp; from there you will find a designated path through the building and complete your transaction. Once you have your receipt in hand, you will be guided back out to our warehouse where you will present it to a dock coordinator and be assigned a dock for loading.

Note that if you would like to purchase items in the marketplace, a separate team of cashiers will be present to assist you prior to the purchase of your wine grapes/juice, which will take place at a separate area of our warehouse near the entrance.
